按以下操作

- 1、 安装 putty.msi
- 2、 打开 FLUMINER.exe, 输入设备局域网 ip, 待提示

```
=====
[SUCCESS] All commands executed successfully
=====
```

按 T3 升级提示升级固件

T3 Upgrade Prompt

1. Click on the web browser directory --> Restart Miner
2. Click on the web browser directory --> File Upgrade
3. Select T3_1.12_0226_log.zip, click Upgrade, and wait 30 seconds.

Note: If the upgrade fails, follow these steps:

1. Install putty.msi
2. Open FLUMINER.exe, enter the device's LAN IP address, and wait for the prompt:

```
=====
[SUCCESS] All commands executed successfully
=====
```

Follow the T3 upgrade prompt to upgrade the firmware.
